Employee Orientation and Onboarding Workshop - *Confirming Soon!*

- 24 February 2016

First impression is important! Many companies do not realize the importance of making a great first impression on new hires. Getting new employees off to a good start can make a big difference in their feeling welcomed and in their effectiveness on the new job. New Employee Orientation is a planned welcome to the organization that is usually shared by the Human Resources Department and the new employee's supervisor. Therefore, your new hire should attend a formal Employee Orientation Program.
